GROUP

”

SAMARTH GROUP

Established in 2004, **Samarth Group** has rapidly emerged as a leading private sector business conglomerate, spearheading transformative growth across various industries in India. Under the visionary guidance of our esteemed founder, Mrs. Seema Suri, we have honed our expertise and solidified our position as a trusted partner to numerous clients.

VISION

Samarth Group's vision is to be a trailblazing force, shaping a brighter, more sustainable future. We aim to lead with purpose and innovation, positively impacting lives and driving transformative change across industries and communities.

MISSION

Our mission at **Samarth Group** is to empower individuals, communities, and businesses through top-notch solutions and services. We strive to foster progress with innovation, ensuring sustainable growth while contributing to the betterment of our nation and promoting equitable development for all.

SAMARTH GROUP BRANDS

Specializes in helping businesses to achieve ISO certifications and providing all the tools and training that is necessary to get certified.

Empowering the energy sector with our services to cater the modular solutions specifically crafted as per your requirements

Providing you with a complete and all round vision that helps you to achieve the best possible safety for your company/business.

**INDUSTRIES
WE SERVE**

• CONSULTING

Experience excellence with our top-tier consulting services. Our seasoned consultants bring a wealth of diverse expertise, having worked across various sectors. Their insights into past challenges enable them to guide you flawlessly, avoiding pitfalls and offering customized solutions to propel your success.

• TRAINING

Unlock your organization's full potential through our comprehensive training programs. We identify the essential skills required for successful implementation and provide expert ISO consultants who add unparalleled value to the training process. From start to finish, we ensure your team is equipped with the knowledge and expertise to achieve ISO certification seamlessly.

• IMPLEMENTATION

Let our ISO Consultants streamline your path to excellence. With meticulous planning and Gap Analysis, we guide you through the entire documentation process, providing valuable training at all levels. Our expert team conducts thorough audits, resolves non-conformities, and ensures a successful project closure.

• CERTIFICATION

Embark on the journey to certification with confidence. Our dedicated staff conducts detailed audits of your organization's processes, identifying the most suitable certification for your needs. By addressing existing shortcomings, we pave the way for a smooth and successful ISO certification process.

• AUDITING

From sharing best practices and new industry requirements to assuring your performance and products against your organization's objectives and international standards, our auditing team gives you the means to evaluate and enhance your business while meeting both external and internal expectations.
